Read and acknowledge the agreements. Be sure to check the box at the bottom of your screen.

Step 3

Click the Wellness Rewards tile to view your program and start earning activity credit. The "Overview" screen will list a summary of your unique program's activities.

Once you have met the program requirements, the celebration screen will let you know you have completed the program.

There are also celebration screens for completing activities. The activity completion screen shows the activity completed as well as points earned. Additionally, responses in the HRA for tobacco use can credit the tobacco free activity.

The program completion celebration screen includes the member's name and shows that all requirements have been met. The program name and total points show on the screen as well.
